[1] **Name of the plating and polishing facility:** Superior Plated Products, Inc

[2] **Physical location:**
Street Address: 715 Grantham Lane
City, State, Zip Code: New Castle DE 19720

[3] **Name of Owner or Operator:** Tom Majors

[4] **List all deviations that occurred during the reporting period. Provide the date of occurrence, the affected source, a brief description of the deviation and the corrective actions taken.**

If additional entries are required, continue on page 2 and attach it to this report.

<u>Date</u>	<u>Affected source</u>	<u>Description of Deviation</u>
9/13/10	Tank 1	Operator replenishing the nickel plating tank bath forgot to add the lauryl sulfate wetting agent

Corrective Actions Taken Defects in the first electroplated batch following replenishing of the tank bath indicated likelihood that wetting agent was not added. Determined that wetting agent was not added and immediately added the lauryl sulfate wetting agent according to the manufacturer's specifications. Discussed the need to follow written operating instructions with operator.
